

Domestic Solutions Canada

Capabilities

- 2 x 150,000 sqft of warehouse capacity strategically located near the Ports of Vancouver and rail yards in Brampton/Toronto, ON.
- Racked and bulk storage options available at both sites to accommodate diverse cargo types.
- Suffrance bonded facilities at both locations, enabling efficient customs clearance and handling of in-bond cargo.
- Fully fenced and secured yards with controlled access for maximum safety.
- Comprehensive CCTV coverage with over 100 cameras across both sites for 24/7 monitoring.
- WMS-enabled operations utilizing barcode and QR code technology for precise inventory control (FIFO/FEFO).
- 12 Owned trucks and 80+ chassis in Vancouver for secure, GPS-tracked drayage services.
- Direct rail contracts providing fast, cost-effective, multimodal transport solutions.
- Specialized oversized and regular transloading capabilities for flexible cargo handling.
- Comprehensive FTL and LTL capabilities across all provinces in Canada for nationwide coverage.
