

EFL Global

Cross Docking in Panama

Regional Cargo Distribution for Central America and the Caribbean.

EFL Global offers cross-docking services from its facility in Panama's Regional Logistics Zone used by many multinational companies as a distribution hub for Latin America. With proximity to the Colon Free Trade Zone and major ports and air terminals, this location enables reduced transit times and faster, more efficient delivery into Central America and the Caribbean.

This service is ideal for time-sensitive, high-volume, or multi-destination freight across a variety of industries.

Regional Coverage

We dispatch freight from Panama to:

Capabilities

- Receipt of FCL, LCL, and air cargo
- Consolidation of multi-origin shipments
- Deconsolidation for multi-point delivery
- Ocean and inland transport coordination
