About EFL Global

Southeast Asia is one of the most active regions for production in the world. We have owned offices and facilities across the region, and extensive supply chain solutions that expertly navigate local transportation laws and shipping challenges in one of the most critical logistics markets.

EFL Global's Da Nang facility strengthens the company's presence in Central Vietnam, offering gateway access to major industrial regions and seaports along the country's central corridor. The office and warehouse operations support both import and export movements, ensuring efficient handling for air, sea, and inland freight.
