Transloading & Consolidation

Our Differentiators

- Bonded facilities in Miami and Savannah. CFS facilities in Chicago, Columbus, Miami, New York and Savannah
- All chassis equipped with hardwired GPS for real-time tracking and reporting via Samsara
- 20 asset-based truckers, which combined offer 5,000+ assets across major ports and ramps throughout the United States, Canada, and Mexico
- Web-based LTL tool for quotations and customs routing, with a customer-facing page for direct access
- Trucking application installed in our fleet, linked to Silver Bullet for real-time visibility to shipment tracking and event timestamps
- IML partner with direct contracts across major U.S. rail lines, including UP, NS, and CSX
- Door-to-door coverage via carrier partnerships, a global network of owned offices, and multiple transportation modes
- Proximity to key ocean ports worldwide for container pull and transloading
